

Dear Media Partner:

Drug-Free Action Alliance has been committed to preventing substance abuse since 1987. We are a trusted voice of prevention with national recognition for our efforts on behalf of Ohio's communities and families.

Drug-Free Action Alliance has developed initiatives and programs that are being used around the state and duplicated around the nation. Included in this packet are Drug-Free Action Alliance program and initiative fact sheets. From underage alcohol use to methamphetamine, Drug-Free Action Alliance can provide you with news story ideas or help you localize a national story.

Please contact me if we can assist you or if you have any questions. My office telephone number is (614) 540-9985 and my e-mail address is breynolds@DrugFreeActionAlliance.org.

Sincerely,

Brad D. Reynolds
Communications Director
